## What's The Best Mattress?

Saatva Mattress has a 4.9/5 Rating & 95% Owner Satisfaction. Easy & Affordable! Go to [saatvamattress.com](http://saatvamattress.com)

The Purple Mattress company has sued us for defamation because they were not happy with the content of our reviews. **They then went into court, without us present or represented, and fed the judge a bill of goods.** You see, when you seek a temporary

restraining order, the judge usually trusts the lawyer that he isn't lying or asking for **something unconstitutional**.

This temporary order commands that we take down all reviews, and even cease rating this company with a rating of "Poor." Yes, indeed, we are no longer even permitted to rate this company as Poor. I guess we will change its rating to "👉."

This order is unconstitutional. Any lawyer who would ask for something this clearly unconstitutional is a pretty slimy piece of crap — even for a lawyer. **We expect that once the judge in the case sees what garbage they stuck under his nose to sign, the judge will bench slap them like a side of beef.** But, until then, there is a Federal Court order in place, and well, we're not about to disregard a court order — not even an unconstitutional one.

That all said, you need to ask yourself if you would buy a mattress from a company that wants to suppress consumer reviews with a SLAPP suit. Do you trust a company that, rather than compete in the marketplace, decides that it will just try and **sue negative reviews out of existence?**

They have, temporarily, succeeded in getting this review down. **But, we are going to court, where we are going to fight for the First Amendment, and the right to bring you our honest consumer reviews.**

■ DID YOU SEE THIS?

In the meantime, we won't call the Purple Mattress company "poor".

But, we will call them SLAPP SUIT FILING SCUMBUCKETS. And, if you buy a mattress from them, you're 💩 on the **First Amendment**.
